SWB Elevating Roof Nugget

In 1844 Bernhard Knobel lays the foundation stone building horse drawn vehicles, by 1922 the “Westfalia Vehicle factory” employs 56 people and by 1935 the first caravan is built. The 50’s and 60’s witnessed the iconic VW series with the first Ford Nugget launched in 1985, by 2001 Westfalia celebrate the 500,000 recreational vehicle.

These days 200 people are employed building 6,000 vehicles per annum. Thanks to ongoing investment in tooling & development, Westfalia are recognised worldwide for engineering excellence, Innovative technology and Durability.

Underpinned by Ford’s International winning van of the year Transit, each Nugget conversion affords confident styling and superb ergonomics, Safety features include ABS and twin air bags, Smooth refined power is delivered by the latest Euro IV emission Common rail technology and all supported by a dedicated European dealer network.

The elevating roof Nugget is identical to the high roof model from the roof down, yet still manages to incorporate a substantial double berth within the roof, which simply pulls down from within the roof when required. The innovative lower seat slides forward to provide a generous and comfortable double berth, whilst engineered kitchen storage solutions maximise every available space.

SWB High Roof Nugget

Love impulsive adventure and the big outdoors? You'll love the Nugget's compact agile manoeuvrability and so easy to park. The light spacious interior connects seamlessly through glazed twin side doors* and tailgate, bringing the great outdoors in. Optional sun awnings define outside space for relaxing or perhaps an impulsive BBQ, whilst a drive away awning provides living, sleeping and storage solutions. With twin side doors available – why not try both!

**Twin side door only available on RHD models*

The High roof Nugget shares the same dining table system, triple seat / lower double bed, kitchen, and rear cupboards as the elevating roof model. However the High roof offers permanent head room & insulation, upper lockers, and a massive pull out upper double bed, also available for additional storage. The unique "Translift" roof system provides versatile sports equipment storage all designed to be user friendly and manufactured to the highest safety standards.

LWB High Roof Big Nugget

The Big Nugget lives up to its name by utilizing the Long wheel base Transit's extra length to squeeze a generous shower room, Thetford swivel toilet and extra cupboard space behind the same innovative short wheel base design. A no cost optional roof mounted drop down double creates a perfect occasional or permanent two additional berths, whilst Diesel blown heating, water boiler and Gel Leisure battery ensure comfort and convenience where ever you're heading...
